Step into the world of immersive gaming with the Acer Nitro 20 N20-100 desktop tower. Engineered for demanding gamers and multitasking professionals, this PC delivers reliable speed and exceptional graphical fidelity, ensuring smooth performance even in the most intensive titles. Combining robust hardware and Acer's performance cooling design, the Nitro 20 is ready to handle modern gaming expectations right out of the box.

Unmatched Speed and Graphics

The heart of this gaming machine is the powerful Intel Core i5-13420H processor, providing rapid responsiveness for both gaming and heavy computational tasks. Paired with a massive 32 GB of high-speed DDR4 RAM, stuttering and lag become a thing of the past, allowing seamless transitions between applications and enhanced multi-tasking capabilities.

Visual performance is managed by the dedicated NVIDIA GeForce RTX 5060 graphics card with 8 GB of VRAM. This GPU provides the necessary power to run modern AAA games at high settings, delivering stunning visuals and fast frame rates. Prepare for an elevated visual experience that brings virtual worlds to life.

Key Specifications

- Processor: Intel Core i5 i5-13420H (13th Generation)
- Memory: 32 GB DDR4 RAM for superior multitasking
- Graphics: Dedicated NVIDIA GeForce RTX 5060 with 8 GB VRAM
- Storage: Generous 1000 GB storage drive capacity
- Operating System: Pre-installed Windows 11 Home
- Form Factor: Sleek and functional Tower Desktop design
