The Dell Pro Premium 13 PA13250 is engineered for the modern professional who demands high performance, portability, and robust security. Combining the cutting-edge Intel Core Ultra 7 processor with a lightweight, premium design, this laptop ensures maximum productivity whether you are in the office or on the move.

Unrivaled Processing Power

At the core of the PA13250 lies the powerful Intel Core Ultra 7 processor, providing exceptional speed and efficiency for intensive multitasking and complex applications. Paired with 16 GB of lightning-fast LPDDR5x memory, this system handles demanding workflows smoothly. The integrated Intel Arc Graphics further enhances visual performance, making presentations crisp and clear.

Optimized Display and Storage

- The 13.3-inch FHD+ (Full High Definition Plus) display offers superior image clarity suitable for detailed work.
- The anti-glare panel minimizes reflections, ensuring comfortable viewing even in brightly lit environments.
- A rapid 512 GB Solid State Drive (SSD) provides ample storage capacity while dramatically reducing boot times and application loading speed.
- The English keyboard layout includes backlighting, supporting high productivity even in low-light conditions.

Professional Grade Security and Operating System

Running on Windows 11 Pro, the Dell Pro Premium 13 offers advanced security features, remote management capabilities, and enhanced stability crucial for seamless business operations. This machine is backed by a comprehensive 36-month standard warranty, providing long-term peace of mind (battery warranty 12 months).

DELL is globally recognized as a leader in providing reliable, high-performance technology solutions for both consumers and enterprises. Their Pro series emphasizes durability and cutting-edge specifications tailored specifically for the professional environment.
