features with superior adjustability, ensuring hours of comfortable gaming or studying.

## Unmatched Comfort and Breathability

Designed for extended use, the Ranger 6.0 features a high-quality, breathable fabric seat material, ensuring optimal air circulation and preventing overheating during intense sessions. The seat and backrest are heavily padded, offering excellent support and comfort. Despite being sized for youth, the steel frame construction provides a high maximum user weight of 130 kg, highlighting its durability.

## Customizable Ergonomics and Support

- **Full Recline Function:** The adjustable backrest offers an impressive range of 90° (upright focus) to 180° (full recline/rest), allowing the user to switch seamlessly between activity and relaxation. A reliable tilt lock mechanism secures the desired position.
- **2D Adjustable Padded Armrests:** The padded armrests can be adjusted in two dimensions (2D adjustment type), providing necessary customized support for the elbows and shoulders, crucial for maintaining proper posture during long sessions.
- **Essential Ergonomic Support:** The chair comes standard with both a dedicated lumbar pillow for lower back support and an integrated headrest, enhancing spinal alignment and reducing fatigue.

## Durable and Floor-Safe Design

The stability of the chair is guaranteed by the robust steel base and steel frame. It is equipped with 5 specialized wheels that are designed to leave no scratches on hard flooring surfaces, ensuring safety and longevity for your home or office environment.
