## Immersive Display and Responsive Controls

Experience games in crystal clear detail on the expansive 8-inch IPS display (20.3 cm) with 1920 x 1200 resolution. With an incredibly fast 120 Hz maximum refresh rate and 500 cd/m<sup>2</sup> brightness, gameplay is smooth and vibrant. The multi-touch screen ensures intuitive navigation, complemented by precise analog thumbsticks, built-in touchpad, and dedicated D-pad, View, and Menu function buttons.

## Performance Engineered for Portability

- **High-Speed Memory and Storage:** Equipped with 16 GB of lightning-fast LPDDR5x RAM (6400 MHz) and a responsive 512 GB PCI Express 4.0 M.2 SSD, load times are minimized and multitasking is effortless.
- **Powerful AMD Processing:** Driven by an AMD Zen 2 architecture processor with a boost frequency up to 4.3 GHz (4 cores, 8 threads, 3.0 GHz base) and integrated AMD Radeon Graphics, the console delivers robust performance for modern titles.
- **Connectivity and Power:** Stay connected with Wi-Fi 6E (802.11ax) and Bluetooth 5.3. The 55.5 Wh Lithium Polymer battery ensures extended playtime, and the included 65 W AC adapter supports USB Power Delivery 3.0 for rapid charging through the dual USB4 ports.

## Design and Features

Finished in stylish Glacier White, the console features a robust build using Polycarbonate (PC) and Acrylonitrile butadiene styrene (ABS). Audio is crisp thanks to the two built-in speakers (2W power) and dual microphones. A convenient combo headphone/mic port provides further audio flexibility. The device weighs only 740 g, making it ideal for mobile gaming.

**Lenovo** is a globally recognized technology leader known for innovation in personal computing and smart devices, committed to delivering powerful and reliable products for consumers and professionals alike. Order your Lenovo Legion Go today from ++SHOP++ and experience the future of handheld PC gaming.
