The LG UltraGear 27GS60F-B is specifically engineered for competitive and immersive gaming. This 27-inch Full HD (1920 x 1080) monitor utilizes a premium IPS panel, ensuring outstanding color accuracy (99% sRGB) and wide 178° viewing angles, bringing every scene to life with stunning clarity and detail.

Unrivaled Speed and Fluidity

Achieving peak performance is seamless with an incredibly fast 180 Hz refresh rate, drastically reducing motion blur and allowing for exceptionally smooth visual transitions. Combined with a blazing 1 ms response time (GtG), the 27GS60F-B ensures immediate pixel changes, giving serious gamers the competitive edge required in fast-paced titles.

Seamless Gaming Experience with Adaptive Sync

- **AMD FreeSync and NVIDIA G-SYNC Compatible:** These technologies dynamically synchronize the monitor's refresh rate with your graphics card's frame rate, eliminating screen tearing and stuttering for a fluid gameplay experience across all compatible systems.
- **HDR10 Support:** Enjoy enhanced visual depth and realism. HDR10 significantly boosts contrast (1000:1 static contrast) and color capabilities, revealing finer details in both the darkest and brightest parts of the screen.

Optimized Gaming Features

- **Black Stabilizer:** Automatically brightens dark areas, helping you spot enemies hidden in shadows without overexposing bright parts of the screen.
- **Dynamic Action Sync (DAS):** Minimizes input lag so that every action you take is processed instantly, vital for real-time strategy and fighting games.
- **Ergonomic Design:** The virtually 3-side bezel-less display offers maximum screen real estate, perfect for multi-monitor setups. The adjustable tilt stand ensures comfortable viewing during prolonged sessions.

Connectivity includes both HDMI and DisplayPort inputs, ensuring wide compatibility with various PC and console configurations.

LG is a global technology leader renowned for innovation in display technology, delivering high-quality, reliable, and performance-driven products.
