extensive ergonomic adjustments and essential eye-care technology, this monitor ensures consistent image quality and reduced strain throughout long workdays.

Superior Ergonomics and Image Performance

Designed with your working environment in mind, the LH-2703 features a versatile ergonomic stand allowing for tilt (-5° to 20°), swivel (-30° to 30°), pivot (0° to 90°), and 11 cm height adjustments. This flexibility allows you to easily shift to portrait or landscape modes and find the perfect viewing angle, maximizing comfort and efficiency.

- **Full HD IPS Panel:** Experience stunning visuals with 1920 x 1080 resolution and wide 178° horizontal and vertical viewing angles, ensuring accurate colors and details regardless of where you sit.
- **Eye Comfort Technology:** Protect your eyes during extended use. The monitor incorporates Flicker-free backlight technology and Low Blue Light technology to significantly reduce eye strain and fatigue.
- **Frameless Design:** The 3-sided bezel-less design maximizes screen real estate and is ideal for seamless multi-monitor setups, boosting workplace productivity.
- **Quick Response:** A 5 ms response time ensures smooth visual performance for everyday tasks and multimedia playback.

Flexible Connectivity and Multimedia Ready

The LH-2703 provides extensive connectivity options making it easy to integrate into any modern setup, alongside built-in audio features.

- HDMI 1.4 Port (x1)
- DisplayPort 1.2 Port (x1)
- VGA (D-Sub) Port (x1)
- Integrated Dual Speakers (2 x 1W RMS) for multimedia content.
- VESA Mount Compatibility (75 x 75 mm) for flexible installation.
- Kensington cable lock slot for enhanced security.

AG NEOVO is renowned for manufacturing high-performance visual display technology, specializing in professional monitors built for reliability and durability in various corporate and security applications.

Order today from ++SHOP++ as we offer the best deals and fast shipping on essential office technology.

The LH-2702 is a 27-inch LCD monitor featuring Full HD 1080p resolution, eye-care technology and an ergonomic stand that can allow you to build up a comfortable working environment. Featuring a 178/178 degrees wide viewing angle, a 20,000,000:1 contrast ratio and multiple connectivity options —DisplayPort, HDMI, and VGA — this desktop LCD monitor with frameless design brings users visual enjoyment both at the workplace and in the home.

Comfortable Viewing Environment

You can tilt, pivot, or swivel the display, adjust its height, or shift to either portrait or landscape mode for comfortable, convenient, and efficient working environment.

Consistent Image Performance at Every Angle

By adopting wide viewing angle panel, this monitor delivers consistent colors and detailed images with the same image quality whether you are looking at the screen from above, below, the front, or the side.

Bezel Less Design

The 3-sided bezel-less design broadens the screen space. It allows for multiple monitor setups with a reduced bezel gap, which won't just let you enjoy a nearly seamless viewing experience, but also enhance productivity at work.

Eye Comfort

Eye comfort figures high on the list of strengths that define the LH-Series. The flicker-free backlight and blue light filter of the LH-Series ensure a comfortable viewing experience by reducing eyestrain after long periods of use.

Flexible Connectivity and Multimedia Options

Given its multiple input options including DisplayPort, HDMI and VGA, you can easily connect an LH-Series monitor to your PC, Laptop or high-definition devices to make the LH-Series a competent multimedia platform.
