Experience gaming at its best with a 23.8-inch Full HD (1920 x 1080) VA panel, offering vibrant colors and deep blacks with a high 3000:1 contrast ratio. The blistering 165 Hz refresh rate ensures exceptionally smooth motion, while the ultra-fast 1 ms Moving Picture Response Time (MPRT) eliminates blurring and ghosting, providing a critical advantage in fast-paced action.

BenQ's exclusive **HDRi technology** automatically optimizes image color, detail, and clarity based on the ambient light level and displayed content. This dynamic optimization ensures that both bright scenes and dark areas maintain high detail, providing expanded immersion and helping you spot hidden enemies or rewards.

Optimized Performance and Audio

- **165 Hz Refresh Rate:** Ensures fluid, tear-free gaming movement.
- **1 ms MPRT / 4 ms GTG Response Time:** Delivers sharp images even during extreme high-speed motion.
- **AMD FreeSync Premium:** Synchronizes the monitor's refresh rate with your GPU's frame rate, eliminating screen tearing and stuttering for a smooth experience.
- **HDR10 Support:** Enhances contrast and color depth.
- **Exceptional Trevo Audio:** Built-in speakers provide clear and immersive sound, alerting you to threats and enriching background scores.
- **Light Tuner:** Allows selection from 20 color settings to perfectly match the visual style of your specific game genre (FPS, RPG, etc.).
- **Scenario Mapping:** Pair Quick OSD presets directly to specific input sources, ensuring your settings automatically adjust when you switch devices.

Comfort for Extended Play

Designed for prolonged gaming sessions, the EX240N incorporates BenQ's advanced **Eye-Care Technology**, certified by TUV Rheinland for Flicker-Free performance. This technology, alongside Low Blue Light features, reduces eye strain, keeping you comfortable and ready for another round.

BENQ is a globally recognized manufacturer specializing in digital display technology, dedicated to delivering innovative, high-quality viewing solutions for professional, home, and gaming environments.
