Premium Display and Image Processing

- **QLED MiniLED Technology:** Utilizes thousands of miniature LED lights for precise local dimming, resulting in deep blacks and incredible brightness. Precision Dimming Pro technology enhances contrast control.
- **Dynamic QLED Colour Pro:** Experience 100% color volume, displaying rich, accurate, and lifelike colors with delicate differences in tone across the spectrum.
- **AI Picture Pro & Dynamic Tone Mapping Pro:** The intelligent processor applies AI Super Upscaling to sharpen images and automatically adjusts HDR settings (including HDR10, HLG, and Dolby Vision) scene-by-scene for optimal contrast.
- **Cinema Experience:** Supports multiple High Dynamic Range formats, including Filmmaker Mode, Dolby Vision, and Dynamic Tone Mapping PRO, delivering stunning cinematic visuals exactly as the director intended.

Optimized for Next-Generation Gaming

Built for speed and responsiveness, the LG QLED evo is a superb choice for competitive gamers, offering smooth motion and professional gaming tools.

- **144 Hz Refresh Rate:** Features a native 120 Hz panel supporting up to a massive 144 Hz refresh rate, ensuring ultra-smooth, blur-free action.
- **Advanced HDMI 2.1:** Includes four HDMI 2.1 ports supporting critical features like Variable Refresh Rate (VRR), Auto Low Latency Mode (ALLM), and Enhanced Audio Return Channel (eARC).
- **AMD FreeSync:** Built-in AMD FreeSync compatibility ensures tear-free, seamless gameplay.
- **Game Features:** Utilize the Game Optimizer, HGiG support, and low input lag for a decisive competitive edge.

Smart Platform and Immersive Audio

- **webOS Smart Platform:** LG's intuitive operating system offers quick and easy access to top streaming services. The system features AI-driven services, including the AI Chatbot and Voice ID for personalized recommendations.
- **webOS Re:new Program:** Enjoy upgrades to the latest webOS version for five years from launch.

- **2.2 Channel Audio System:** Delivering 40W RMS power, including a powerful 20W built-in subwoofer, complemented by Dolby Atmos and AI Sound Pro for immersive, three-dimensional audio.
- **LG Soundbar Synergy:** Features WOW Orchestra for simultaneous use of TV and compatible LG Soundbar speakers, enhancing audio immersion.
- **Connectivity:** Built-in Wi-Fi 6 (802.11ax), Bluetooth 5.3 (A2DP), Apple AirPlay 2, and Works with the Google Assistant.

Design and Connectivity

The LG QNED evo AI features a sophisticated, slim, and frameless design that looks premium whether placed on its connected stand or mounted on the wall using the 600 x 400 mm VESA interface. Essential connectivity includes 4 HDMI ports, 2 USB 2.0 ports, and an optical audio out port.

LG is a globally recognized leader in display technology, known for pushing the boundaries of innovation in home entertainment, producing high-quality TVs, and cutting-edge processors.

Order today from ++SHOP++ as we offer the best shipping and customer service for your premium LG TV.

MiniLED technology

LG QNED MiniLED TVs are lit by thousands of tiny LED lights leading to a perfectly balanced contrast in every picture on screen, with deep blacks and impressive brightness. Precision Dimming Pro provides enhanced images thanks to finer light control.

Dynamic QNED colour Pro technology

LG QNED93A features the latest Dynamic QNED colour Pro technology, which delivers content that is bursting with the richest and most accurate colours from an LG LCD TV, with 100% colour volume displaying delicate differences in tone and colour spectrum.

Intelligent processor for optimised pictures and sound

LG QNED93A features the latest $\alpha 8$ AI Processor, the brain of the TV. This intelligent processor uses some of the advanced technology found in our top OLED TVs, to ensure premium picture and sound

quality, through AI Super Upscaling for sharp pictures, and AI Sound Pro for immersive audio.

Smart webOS Platform

LG QNED93A features webOS, LG's smart platform which hosts a huge variety of the best streaming services, while making browsing and searching for what to watch completely hassle-free. The smart platform is controlled with the LG AI Magic Remote, and opens up a world of information and assistance through a variety of AI-driven services. These include the AI Chatbot - which can help you to change the image or sound to your liking simply by asking, Voice ID - which can recognise different users and provide personalised recommendations, and much more.

What's more, with LG's webOS Re:new program, you'll enjoy upgrades to the latest version for five years*.

*Customers will receive 4 upgrades over time, starting from the launch version.

Sophisticated and slim design

The premium finish and stylish stand will look great in any living space, and the slim profile will ensure an unobtrusive look should you choose to wall mount the TV.

*Wall mounting requires a wall-mount bracket - not included.

Responsive Gaming experience

LG QNED93A is designed for next generation consoles, boosting your competitive edge with pro-tools, such as 4K@144Hz*, VRR, ALLM and eARC as specified in HDMI 2.1, plus FreeSync, Game Optimiser and HGiG which are all integrated and ready out-of-the-box. Plus there's easy access to Twitch on LG's webOS smart platform.

*55" supports 4K@120Hz.

Intense Cinema experience

LG QNED93A delivers an incredible at-home cinema experience. Dolby Vision and Filmmaker Mode now work together, providing film experiences with incredible colour and contrast - and looking exactly how the director intended. Dolby Atmos injects awe-inspiring drama to every genre - with 3D surround sound delivering the ultimate in full audio immersion.

LG Soundbar synergy

Pair with a compatible LG Soundbar to enjoy a seamless, connected experience with enhanced

sound. **WOW Orchestra utilises TV and Soundbar speakers simultaneously for an optimised**
