blistering 320Hz, providing the ultimate speed advantage for competitive e-sports titles where every millisecond counts.

Key Gaming and Visual Features:

- **Superior Speed and Response:** Utilizing an SS IPS panel, achieve a lightning-fast 1ms response time, minimizing motion blur and ghosting for crystal-clear action.
- **Dual Resolution Mode:** Choose between 4K UHD (3840 x 2160) at 160 Hz for immersive visuals or FHD at 320 Hz for unparalleled competitive speed.
- **Stunning Color Accuracy:** Enjoy vibrant colors and deep contrast with 95% DCI-P3 color gamut coverage and VESA DisplayHDR 400 certification, providing a peak brightness of 350 cd/m².
- **Smooth Gameplay:** AMD FreeSync Premium technology eliminates screen tearing and stuttering, ensuring fluid synchronization between the GPU and the monitor.
- **Next-Gen Connectivity:** Equipped with HDMI 2.1 and DisplayPort 1.4 ports, the M27UP ICE is fully optimized to support high-refresh-rate 4K gaming on the latest generation of gaming consoles.

With wide 178° viewing angles and comprehensive connectivity options including a built-in USB hub, this monitor is designed to be the central hub of your high-end gaming and production setup.

GIGABYTE is a globally recognized leader in the technology industry, renowned for delivering high-quality, durable components and advanced peripherals designed for enthusiasts, gamers, and professionals.

Order today from ++SHOP++ as we offer the best deals and fast shipping on premium gaming technology.

The GIGABYTE M27UP ICE monitor delivers exceptional picture quality with 4K resolution at 160Hz and can switch to FHD at an impressive 320Hz. With its 1ms response time, 95% DCI-P3 color accuracy, and DisplayHDR 400, this monitor offers a premium performance in both gameplay and productivity.
