Lightning-Fast Speed and Smooth Action

Achieve unparalleled responsiveness with a rapid 180Hz refresh rate and a breakthrough 1ms Gray-to-Gray (GtG) response time. This combination ensures extremely smooth motion handling, allowing you to react instantly to opponents and maintain fluid gameplay even in the most action-packed scenarios.

Visual Excellence and Color Depth

The premium IPS panel technology provides wide 178° viewing angles and vibrant color expression. With HDR10 support and up to 99% sRGB color gamut coverage, the LG 27GS75Q-B immerses you in brilliantly colored worlds, making games visually pop and enhancing overall picture quality.

Synchronized and Tear-Free Gaming

Eliminate screen tearing and stuttering with advanced adaptive sync technologies. This UltraGear model is officially validated by NVIDIA as G-SYNC Compatible and also features AMD FreeSync support, guaranteeing synchronized, smooth, and fast action across various graphics cards.

Key Gaming Enhancements:

- **Dynamic Action Sync:** Minimizes input lag, enabling you to respond to action as it happens in real-time.
- **Black Stabilizer:** Enhances visibility in dark scenes, helping you spot enemies lurking in the shadows.
- **FPS Counter:** Displays your frames per second for real-time performance monitoring.
- **Crosshair:** Places a center-display crosshair for improved aiming precision and accuracy.
- **Customizable Modes:** Choose from optimized display settings like Gamer, FPS, or RTS modes.

Design and Connectivity

The three-side virtually borderless design maximizes your screen real estate and minimizes distractions, perfect for multi-monitor setups. The display stand is fully adjustable, offering height, tilt, and pivot controls to optimize your viewing comfort. Connectivity options include two HDMI ports and a DisplayPort.
