The AG NEOVO AI IFP6504P 65" 4K UHD Interactive Flat Panel

Elevate collaboration and presentation experiences with the AG NEOVO AI IFP6504P, a state-of-the-art 65-inch Interactive Flat Panel (IFP). Designed for modern classrooms, conference rooms, and

collaboration spaces, this monitor combines stunning 4K UHD resolution with powerful interactive features powered by the integrated Android 13 operating system. Enjoy vibrant visuals, intuitive touch response, and robust connectivity tailored for seamless performance.

Superior Visual Performance and Interaction

The 65-inch (165.1 cm) display provides ample space for dynamic presentations and group work, delivering crisp 3840 x 2160 pixel resolution. Utilizing Direct-LED technology, the monitor achieves a brightness of 400 cd/m² and a typical contrast ratio of 1200:1, ensuring clear visibility even in well-lit environments. The extremely wide 178° vertical and horizontal viewing angles guarantee consistent image quality for everyone in the room. A swift 5 ms response time ensures smooth, lag-free interaction and video playback.

Smart Platform and Comprehensive Connectivity

The IFP6504P operates on the installed Android 13 operating system, offering a familiar and flexible platform for running educational software and business applications. Connectivity is extensive and professional-grade, ensuring integration into any existing network infrastructure.

Key Features and Specifications:

- **Display Diagonal:** 65 inches (165.1 cm)
- **Resolution:** 4K UHD (3840 x 2160 pixels)
- **Operating System:** Android 13
- **Connectivity:** Built-in Wi-Fi and dual Ethernet LAN (2x RJ-45 ports)
- **Ports:** 2 x HDMI ports (supporting both IN and OUT functionality), 5 x USB 3.0 ports, RS-232C control interface
- **Brightness & Contrast:** 400 cd/m² brightness, 1200:1 contrast ratio
- **Power Consumption (typical):** 185 W
- **Colour:** Black and Aluminium finish
- **Compliance:** RoHS and WEEE compliant

Durability and Professional Integration

This interactive monitor is built to professional standards, complying with strict quality management systems (ISO 9001) and environmental management standards (ISO 14001). Its robust design

requires basic caution, such as protecting the touchscreen against scratches and avoiding damp environments, ensuring long operational life.

AG NEOVO is a renowned manufacturer specializing in professional display technology, recognized globally for producing high-quality monitors and interactive flat panels that combine advanced aesthetics with robust, reliable performance for challenging commercial environments.

Order today from ++SHOP++ as we offer the best prices and expert support for your interactive display needs.
