Superior Visual Performance with VESA DisplayHDR 400

The 27UP650K-W supports VESA DisplayHDR™ 400, delivering high peak brightness (400 cd/m²) and a dramatically improved contrast ratio (typical 1200:1, dynamic 5,000,000:1) for deep blacks and brilliant whites. This certification ensures a truly immersive HDR experience when viewing the latest movies or playing HDR-enabled games. Additionally, LG's innovative HDR Effect feature can dynamically enhance standard SDR content, giving older media a vibrant, HDR-like quality.

- **IPS Panel and 4K UHD Resolution:** Enjoy stunning detail and wide viewing angles (178°/178°) without color shift.
- **Exceptional Color Fidelity:** 95% DCI-P3 color gamut coverage provides true-to-life colors, essential for graphic design and video editing.
- **Low Latency Gaming:** Features like AMD FreeSync, Dynamic Action Sync (DAS), and Black Stabilizer optimize performance, reducing input lag (5 ms response time) and improving visibility in dark scenes.
- **Flicker-Free Technology:** Ensures comfortable extended viewing sessions by reducing eye strain.

Ergonomic Design and Connectivity

Designed for comfort and efficiency, the LG 27UP650K-W includes a versatile stand that allows for complete personalization of your viewing setup. The one-click stand installation simplifies setup, letting you quickly adjust the screen to your optimal position.

- **Full Adjustability:** Easily adjust Height (up to 110 mm), Tilt (-5° to 20°), and utilize the Pivot function to switch instantly between landscape and portrait orientations.
- **Inputs:** Connect multiple devices via two HDMI ports and one DisplayPort 1.4 port. A dedicated Headphone Out port is included for seamless audio integration.
- **Design:** Sleek white design with a detachable stand and VESA 100 x 100 mounting capability.

LG (Life's Good) is a global leader in electronics known for pioneering display technology and commitment to quality and innovation across home entertainment and IT solutions.

Details mastered

LG UHD 4K monitor enables you to enjoy 4K and HDR content as you've dreamed of.

Clean and bright HDR

The monitor supports VESA DisplayHDR™ 400 with wide-range brightness and contrast, enabling dramatic visual immersion in the latest HDR games, movies and images.

HDR effect to SDR content

LG UHD 4K HDR monitor can virtually transform standard content into HDR-quality video right on the screen. It helps to improve tone mapping and luminance of SDR content for an HDR-like experience.

True colors and wide view

IPS display 95% coverage of the DCI-P3 spectrum provides outstanding color accuracy and wide viewing angle, so it delivers high-fidelity color for reproducing vivid scenes for helping you to have enough fun in entertainment content.

Immersive gaming experience

27UP650K boosts the new era of 4K HDR video gaming experience, not only by bringing thrills with decent image, but also by helping you win battles with Game Mode, Dynamic Action Sync and Black Stabilizer.

React swiftly

Reducing input lag with Dynamic Action Sync, gamers can catch critical moments in real-time and respond quickly.

Step ahead in the dark

Black Stabilizer helps gamers to detect snipers lurking in the darkest corners and swiftly navigate flash explosions.

Vividly and realistically

HDR content from multiple streaming services explores. And you can enjoy vivid brightness, and wide color range when playing on LG UHD 4K monitor with VESA DisplayHDR™ 400 technology in support of DCI-P3 color space.

Switch swiftly

LG Switch app helps to optimize the monitor to your work and life. You can readily divide the whole display up to 6, change the theme design, or even launch a video call platform with a mapped hotkey.

Easy and comfortable

The one-click stand makes it easy to install without any other equipment, and flexibly adjust the tilt, height and pivot of the screen to position it in the optimal position for you.
