Immersive FPV Flight and Superior Imaging

Experience the sensation of true flight through the included goggles, delivering crystal-clear, low-latency video feed. The Avata 2 is built for stability and safety, featuring integrated propeller guards that allow you to fly confidently indoors or through challenging natural environments. Its lightweight design combined with robust propulsion delivers incredible agility and responsiveness.

Extended Flight Time with the 3-Battery Combo

The Fly Smart Combo with three batteries is the ideal setup for professionals and enthusiasts who demand maximum air time. Minimize downtime and maximize your aerial photography or racing sessions with the included multi-battery charging hub, ensuring you are always ready for the next flight.

Key Features:

- **Enhanced FPV Experience:** Next-generation goggles provide a clearer, more immersive view of the flight.
- **Acrobatic Agility:** Compact and powerful design for seamless maneuvering and high-speed flying.
- **Integrated Safety:** Durable propeller guards ensure protection for both the drone and its surroundings.
- **Extended Power:** Includes three Intelligent Flight Batteries and a charging hub for prolonged flight sessions.
- **Intuitive Control:** Easily command the drone using the included motion controller for precise movements.

DJI is the world leader in drone technology, renowned for pushing the boundaries of aerial innovation, stabilization, and imaging excellence. Their products are trusted globally by professional filmmakers, photographers, and hobbyists alike.
