### Neewer 400 cm lighting tripod

The Neewer 400 cm lighting tripod is the perfect tool for professionals and photography enthusiasts who need solid support for heavy softboxes, flashes and Bowens-type video lights. With a built-in air cushioning system, it protects your equipment from sudden drops for safe and stable use during YouTube videos, live streaming, studio photography or broadcasting.

### Easy height adjustment

The tripod features a telescoping center column with 4 sections that allow you to adjust the height from 140 cm to 400 cm. Robust locking knobs on each section eliminate the risk of accidental movement. The tripod can be folded to a compact height of 120 cm, making it easy to store and transport.

Made of durable metal, the Neewer tripod is ideal not only for use in the studio, but also outdoors. Rubber pads on the feet of the tripod provide stability and protect the surface from scratches. The tripod is capable of holding equipment weighing up to 3 kg, making it a reliable choice for many photographic applications.

## Universal screw adapter

The tripod is compatible with a wide range of equipment, thanks to a reversible, double-sided screw adapter with 1/4" to 3/8" threads. It allows you to mount DSLR cameras, mirrorless cameras, ring lights, LED panels, microphones and other photographic accessories.

## Versatile mounting capabilities

With a 3-way mounting interface, the tripod allows you to place the mounting pin both vertically and horizontally, giving you the flexibility to position your equipment according to your needs. The locking knob ensures the stability and security of the mounted device.
