- ✓ Designed for tablet POS: A focus on mobile connectivity and a small footprint
- ✓ NFC connectivity: Easily print by touching an NFC-equipped mobile device or tablet
- ✓ Flexible placement: Place horizontally or vertically
- ✓ ePOS print²: Direct printing from ANY mobile device

Aprašymas

Gateway to tablet POS

With a focus on mobile connectivity and a ultra-small footprint, this compact receipt printer is ideal for tablet POS environments, such as hospitality and specialist retail. It's ideal for customers looking to upgrade from an electronic till to a tablet POS system, including those currently using PC POS. And as the industry's smallest 58mm receipt printer¹, it's easy to position anywhere you like.

Built for easy connectivity with tablets

By touching an NFC-equipped mobile device or tablet to the TM-m10 printer, it is easy to pair both together to print. ePOS print², the printer's built-in intelligence that communicates with web applications, allows direct printing from ANY mobile device without the need to install or update drivers. It is available for iOS, Android and Windows.

Position anywhere thanks to its sleek, compact and stylish design

With its sleek, stylish and compact design, the new TM-m10 is ideal for tablet POS applications and fits perfectly into small and medium-sized retail and hospitality environments, helping them to operate more efficiently and productively. With Ethernet, Bluetooth or Wi-Fi interfaces, it can be integrated into virtually any operating environment. By easily swapping just two covers the printer can be placed either horizontally or vertically - therefore top load or front load is possible.
