Modelis: RGOTWBMWLBL

Gamintojas: R-GO TOOLS

EAN: 8719274491927

Prekės kodas: 37340

**107.99€** ~~117.99€~~

This vertical mouse is ambidextrous, so it is suitable for both left- and right-handed people. Thanks to the patented switch & fold system, the Twister can be changed from a left-handed to a right-handed mouse and vice versa with one move. By regularly alternating between your left and right hand, you distribute the load on both hands and prevent annoying complaints such as RSI. In addition, the mouse is foldable, so it is easy to take with you. So you can work ergonomically anywhere. The Twister mouse also helps you remember when it is time for a short break. The LED indicator is controlled by our Break software and indicates just how healthy you are working, based on actual mouse use. This mouse can be used either Bluetooth or wired. The total battery time of the mouse after fully charging is up to 2 weeks (with average use).

- **Ambidextrous Mouse:** Suitable for both left- and right-handed users. The patented Switch & Fold mechanism makes it easy to switch between left- and right-handed and vice versa in one move.
- **Size Accommodation:** The mouse is designed to accommodate Medium hands and comes with two attachable pads, allowing users with small hands to use it comfortably. Note that once the pad is attached, it can be challenging to remove.
- **Foldable & Silent Click:** The Twister mouse folds up, enhancing portability for users on the move. With its silent click functionality, you can work discreetly without disturbance. This combination of features makes it an ideal companion for maintaining a healthy workflow anywhere you go.
- **Integrated Break Reminder Software:** Equipped with a break reminder software, this ergonomic mouse ensures that you take timely breaks. The LED indicator uses color signals when it is time for a break, contributing to a healthier work routine.
- **Bluetooth & Wired, Versatile Connectivity:** Whether through Bluetooth or a wired connection, this mouse provides seamless connectivity. Rechargeable with the included USB-C cable (and USB-A converter), it offers up to 2 weeks of battery life with average use. While charging, you can continue working as usual, then it works as a wired mouse.
