Equipped with a fast 100 Hz refresh rate and AMD FreeSync technology, the 27E1N1100A delivers fluid, tear-free motion, giving you a noticeable advantage in fast-paced content and ensuring comfortable viewing during prolonged video playback. The highly responsive 1 ms MPRT (Moving Picture Response Time) ensures ghosting is minimized.

Utilizing premium IPS (In-Plane Switching) panel technology, the monitor guarantees exceptional color accuracy and wide 178-degree viewing angles. This means consistent, vibrant colors and sharp images are maintained whether you are viewing the screen straight-on or from the side. The anti-glare screen coating, featuring 3H Hard Coating (Haze 25%), further enhances viewing comfort by reducing distracting reflections.

Key Features for Comfort and Connectivity:

- **100 Hz Refresh Rate & AMD FreeSync:** Enjoy smoother visual performance without screen tearing or stuttering, crucial for gaming and video editing.
- **Full HD IPS Panel:** Experience brilliant colors (supporting 16.7 million) and outstanding clarity with wide viewing angles (178°).
- **Eye Protection Technology:** Integrated Flicker-Free technology and the LowBlue Mode significantly reduce eye strain and fatigue, ensuring comfort during long work sessions.
- **Fast Response Time:** A rapid 1 ms MPRT minimizes motion blur, providing crisp visuals even during high-speed action.
- **Versatile Connectivity:** Easily connect to various devices using the integrated HDMI and legacy VGA input ports.
- **Eco-Friendly Design:** Manufactured with environmental responsibility in mind, featuring 100% recyclable packaging and mercury-free, PVC/BFR-free components.
