MONTECH KING 45 PRO (W)

Full-Scale Dominance, Iconic Style.

The evolution of performance continues with KING 45, an ATX chassis built for builders who go big. Its iconic panoramic glass showcases every detail, while chimney-effect cooling ensures oversized GPUs and next-gen hardware run at peak power — stable, cool, and future-ready.

Panoramic Clarity, Iconic Style

Turn your build into art. The curved glass opens a panoramic view that celebrates your components in stunning clarity.

Precision Architecture, Performance Perfected

Smarter design, stronger performance. The dual-chamber layout keeps airflow efficient and cables hidden for a rig that's as sleek as it is powerful.

Airflow That Bends to Your Advantage

Cooling where it counts. Angled bottom fans channel fresh air straight to your GPU, keeping next-gen hardware running at peak power.

Chimney Effect Cooling for Next-Gen GPUs

Direct bottom-to-top airflow pulls heat off oversized GPUs and exhausts it upward — reducing core temps for steadier clocks and longer peak performance.

Room to Grow, Built to Last

KING 45 is built for ambitious, high-performance builds. It easily accommodates oversized GPUs and supports top-mounted 360mm radiators up to an extreme 84mm thick — fully compatible with the most premium liquid cooling systems on the market. Delivering uncompromised cooling power for today's most demanding hardware.

Performance That Shines 360°
