AOC Gaming 24G4XE 23.8" FHD Fast IPS 180Hz Monitor

The AOC Gaming 24G4XE monitor is engineered for serious gamers seeking competitive speed without compromising visual quality. This 23.8-inch display features a cutting-edge Fast IPS panel, delivering vibrant colors, wide 178° viewing angles, and exceptional motion clarity, making it perfect for eSports and immersive adventures.

Unmatched Speed and Synchronization

Elevate your performance with an outstanding 180 Hz refresh rate, ensuring that every frame is rendered smoothly and clearly. Coupled with an ultra-fast 1 ms (GtG) response time and an even quicker 0.5 ms (MPRT), motion blur is virtually eliminated, giving you the critical reaction time needed in fast-paced games. The 24G4XE is also certified NVIDIA G-SYNC Compatible, synchronizing the monitor's refresh rate with your GPU's output to eliminate screen tearing and stuttering, guaranteeing a fluid gameplay experience.

Vivid Visuals and HDR Capability

Experience your favorite titles in stunning Full HD (1920 x 1080) resolution. The monitor supports HDR10, enhancing contrast and color depth, revealing incredible detail in both the brightest and darkest scenes. With 93.4% DCI-P3 and 130.4% sRGB colour gamut coverage, this display produces 16.7 million colours that pop off the screen.

Design and Connectivity

The AOC 24G4XE boasts a sleek, ergonomic desktop design with a flat bezel that fits seamlessly into multi-monitor setups. Although compact, it offers essential tilt adjustments for optimal viewing comfort. Connectivity options are robust, featuring two HDMI 2.0 ports and one DisplayPort 1.4 input, ensuring compatibility with PCs and modern consoles. Security is addressed with an integrated Kensington security slot.

Key Features:

- 23.8-inch Full HD (1920x1080) resolution for crisp, detailed imagery.
- Rapid 180 Hz refresh rate and 1 ms GtG response time (0.5 ms MPRT) for fluid motion.
- Fast IPS panel technology providing superior colour accuracy and wide viewing angles.
- NVIDIA G-SYNC Compatible certification for adaptive synchronization and tear-free gaming.
- HDR10 support, 300 cd/m² brightness, and robust colour gamut (93.4% DCI-P3).
- Connectivity includes 2x HDMI 2.0 and 1x DisplayPort 1.4.
- Ergonomic tilt adjustment and anti-glare screen coating.

Elevate your adventure with 23.8-inch Display, 180Hz, 1ms GtG, HDR 10, and Adaptive Sync Technology

"Unleash the power of the G4 series with the 24G4XE – a weapon that both casuals and home gamers would equip. Brace yourself for an eSports upgrade like never before, featuring a compact 23.8-inch display and a high IPS panel which will take a center stage. It delivers outstanding performance in color reproduction and contrast ratio that elevates your adventure level and offers top-tier gaming setup with superior solution for all-round gamers. With up to 1ms GtG response time and an inspiring 180 Hz refresh rate, a truly optimal gaming experience will wait for you with low input lag."

The AOC Gaming 24G4XE monitor combines performance with affordability, making it an ideal choice for gamers and professionals alike. This LED-backlit LCD monitor features a flat front bezel and a desktop form factor, designed to fit seamlessly into any setup. With a native resolution of 1920 x 1080, it delivers crisp, clear Full HD visuals that bring your content to life. The WLED backlight technology ensures bright and vibrant images, while the TFT active matrix provides a reliable viewing experience.

Ergonomics are also a key focus of the 24G4XE, offering tilt adjustments to ensure you can find the most comfortable viewing angle. Security is not overlooked, with a Kensington security slot integrated for peace of mind. Whether you're engaging in fast-paced gaming sessions or tackling intensive work projects, this monitor's combination of wide viewing angles, high-definition clarity, and user-friendly features make it a versatile addition to any space.
