The Dell Pro 14 Essential PV14250 is a sophisticated laptop designed to bridge the gap between performance and portability. Featuring a stunning 14-inch 2K display with a resolution of 1920 x 1200 pixels, it offers crisp visuals and more vertical screen space for productivity. The anti-glare coating ensures comfortable viewing even in bright environments, making it ideal for professionals and students on the move.

Efficient Performance for Modern Tasks

Powered by the Intel Core 3 100U processor and 8 GB of high-speed DDR5 memory, this laptop handles daily multitasking with ease. The 512 GB solid-state drive provides ample storage for your documents and media while ensuring lightning-fast boot times and application responsiveness. With Windows 11 Home pre-installed, you have access to the latest features and security enhancements right out of the box.

Connectivity and Comfort

Equipped with 802.11ax (Wi-Fi 6) technology, the Dell Pro 14 Essential ensures stable and fast wireless connections. The sleek Platinum Silver finish gives it a premium look, while the ergonomic English keyboard provides a comfortable typing experience for long working sessions. Its compact form factor makes it an excellent choice for those who need a reliable machine that is easy to carry.
