device is built to handle daily business tasks with efficiency and style. Whether you are working from the office or on the go, its lightweight design makes it an ideal companion for a mobile lifestyle.

## Exceptional Visual Clarity

Experience stunning visuals on the 14-inch 2K display with a resolution of 1920 x 1200 pixels. The 16:10 aspect ratio provides more vertical screen space for documents and spreadsheets, while the anti-glare coating ensures comfortable viewing even in bright environments. Powered by Intel Graphics, the screen delivers crisp details and vibrant colors for both work and media consumption.

## Modern Efficiency with Intel Core and DDR5

Under the hood, the Dell Pro 14 is equipped with the Intel Core 3 100U processor, offering a balanced mix of power and energy efficiency. Paired with 8 GB of high-speed DDR5 memory, this laptop ensures smooth multitasking and responsive performance. The 512 GB Solid-state drive (SSD) provides ample storage for your files and ensures rapid boot times and quick application loading.

## Professional Connectivity and Features

- 14-inch 2K (1920 x 1200) Anti-glare display for superior visual comfort.
- Intel Core 3 100U processor for reliable daily performance.
- 8 GB DDR5 RAM for modern multitasking capabilities.
- 512 GB SSD storage for fast data access and security.
- Windows 11 Pro pre-installed for advanced business features and security.
- Wi-Fi 6 (802.11ax) support for lightning-fast wireless connectivity.
- Durable design with a comprehensive 36-month warranty.

**DELL** is a global leader in computer technology, renowned for creating durable, high-performance machines that cater to both corporate and personal needs. Their Pro series is specifically engineered to provide the reliability and security that modern professionals demand.
