AG Neovo IFP-7503 Interactive Flat Panel Display

The AG Neovo Meetboard™ IFP-7502 is a 75-inch 4K interactive flat panel display built on the Android OS, designed for instant meeting start-up without the need for projectors, whiteboards, or extra software. It features a digital whiteboard application for presenting, annotating, and sharing files via email or cloud drives. Wireless presentation is also supported, allowing you to mirror photos, videos, and files directly from mobile devices or notebooks. The IFP-7502 interactive display ensures a clean and organized meeting room, free from cable clutter.

- **4K Resolution with IPS Technology:** Delivers compelling and sharp visual content on a 4K UHD resolution with IPS panel technology, ensuring consistent and accurate colors from 178-degree wide viewing angles.
- **20-Point Multi-Touch & Dual Pens:** Enables multiple participants to simultaneously draw and annotate on the screen using fingers or the included styluses, making brainstorming and mind-mapping intuitive.
- **Android OS Platform:** Provides a steady and intelligent open-source platform for a robust user experience and flexible third-party installation options.
- **Intuitive User Interface & Useful Apps:** Simplified and aesthetic Android UI design makes the Meetboard user-friendly, offering useful applications for productive meetings such as a browser, file manager app, WPS office, and Meetboard whiteboard app.
- **Cloud Storage Accessibility:** Easily access, upload, and download folders and files with a touch on Meetboard cloud storage via Google Drive and Microsoft OneDrive configuration.
- **Screen Mirroring:** Supports AirPlay, Miracast, Chromecast, and embeds ScreenShare Pro screen mirroring app for wirelessly presenting, sharing, and controlling multi-media content from iOS or Android devices.
- **All-In-One Video Conferencing Solution:** Easily connect to an all-in-one webcam via a USB cable and compatible with mainstream video conferencing apps like Zoom, Google Meet, Teams, Webex, and GoToMeeting.
- **Versatile Connectivity:** Supports 802.11ac Wi-Fi, Bluetooth, HDMI, USB, VGA, and RS232 for fast and seamless connections among keyboards, webcams, and other devices.

AG Neovo is a company known for providing high-quality display solutions, combining innovative technology with user-focused design to enhance visual experiences in various professional settings.

4K RESOLUTION WITH IPS TECHNOLOGY

Meetboard IFP-7502 delivers visual content to be compelling and sharp on the 4K UHD resolution with IPS panel technology and ensures that colour is consistent and accurate from 178-degree wide viewing angles.

20-POINT MULTI-TOUCH & DUAL PENS

Multiple participants, using fingers or included styluses, can simultaneously draw and annotate on the 20-point touch-enabled screen, making mind-mapping and brainstorming as intuitive as using a whiteboard.

ANDROID OS PLATFORM

Android OS, the most widely-used OS around the globe, provides a steady and intelligent open-source platform that gives you a robust user experience and flexible third-party installation options.

INTUITIVE USER INTERFACE & USEFUL APPS

Simplified and aesthetic Android UI design makes Meetboard more user-friendly and intuitive. Meetboard offers useful applications you needed most for productive meetings, such as browser, file manager app, WPS office, Meetboard whiteboard app, etc.

CLOUD STORAGE ACCESSIBILITY

You can easily access, upload, and download folders and files with a finger of touch on Meetboard cloud storage via Google Drive and Microsoft OneDrive configuration.

SCREEN MIRRORING VIA AIRPLAY, MIRACAST, CHROMECAST AND MORE

Meetboard supports AirPlay, Miracast, Chromecast and also embeds ScreenShare Pro screen mirroring app. You can wirelessly present, share and control multi-media content from either iOS or Android devices on the screen.

AN ALL-IN-ONE VIDEO CONFERENCING SOLUTION

Meetboard IFP-7502 can be easily connected to an all-in-one webcam via a USB cable and is also compatible with preferable mainstream video conferencing apps, like Zoom, Google Meet, Teams, Webex, GoToMeeting, etc.

VERSATILE CONNECTIVITY
