features a high profile wall plate and is engineered for stability and precision, ensuring your screen is securely mounted even on uneven surfaces. The wall mount is designed to provide the sturdiest and most stable touch screen experience. The brackets of the WL30-750BL18 feature depth adjustable wall supports on the lower brackets for better weight distribution and maximum stability. The mount features individual adjustable brackets (10 mm) for securely adjusting the display height or leveling it.

Features:

- Suitable for screens from 55" to 98".
- Supports a maximum weight of 125 kg.
- Compatible with VESA hole patterns from 100x100 to 800x600 mm.
- Features a quickly connectable wall plate for multiple screen mounting.
- Includes a kickstand service position for easy access to cables and connectors.
- Offers a pull & release system for quick and secure display attachment and detachment.
- Lockable brackets for extra screen security (padlock not included).

The LEVEL-750 wall mount has a profile depth of 4.2 cm and is suitable for screens that meet VESA hole pattern 100x100 to 800x600 mm. Its quickly connectable wall plate allows for multiple screen mounting, while a clever kickstand service position provides easy access to cables and connectors. Additionally, the wall plate is designed with specific cut-outs for wall sockets and securing devices and cables. It features various perforated holes for easy tie-wrap cable fixing and provides space for cable storage, ensuring a clean and tidy finishing. The WL30-750BL18 includes an safe and practical pull & release system, allowing you to quickly attach and detach the display in a safe and secure manner. It is possible to lock the brackets using a padlock (not included) for extra screen security. For simple and effective storage, an optionally available AV-rack can be installed to the left or right side of the mount.

Neomounts is a leading provider of flexible mounting solutions for various devices, dedicated to enhancing workspace ergonomics and user comfort.
