The Dell Pro 14 Essential PV14250 is a sophisticated and reliable laptop designed for professionals who value both performance and portability. Wrapped in a sleek Platinum Silver finish, this device features a stunning 14-inch 2K display with a resolution of 1920 x 1200 pixels. The anti-glare coating ensures a comfortable viewing experience even in bright environments, making it an ideal companion for work or study on the go.

Under the hood, the laptop is powered by the efficient Intel Core 5 120U processor, paired with 16 GB of high-speed DDR5 memory. This combination provides smooth multitasking and responsive performance for everyday business tasks. With a 512 GB solid-state drive (SSD), you get fast boot times and ample storage for your essential files and applications. The system comes pre-installed with Ubuntu, offering a robust and secure open-source operating environment.
