## 36.99€

The Gembird Fornax 500 stands out as a tower chassis designed for enthusiasts and gamers alike. It supports a wide range of motherboards from ATX to Mini-ITX, ensuring broad compatibility. The chassis prioritizes cooling with three 120 mm fans pre-installed at the front and additional mounts for side and rear fans, making it ideal for high-performance setups. Storage needs are well catered to, with bays for both 3.5" and 2.5" drives, providing ample space for all your files and games. Connectivity is no issue, thanks to its front panel that includes USB 3.1 and USB 2.0 ports, alongside audio jacks for headphones and a microphone, ensuring easy access for all your devices. The Fornax 500 is not just about performance; it also boasts a stylish design with its glass side panel and ARGB lighting, ready to showcase your build in the best light. Constructed from durable materials like 0.45 mm SPCC steel and glass, it is built to last.
