GEEKOM IT15 Mini PC Intel® Core™ Ultra 9 285H 32GB 1TB + Win 11 Pro

The GEEKOM IT15 is an exceptionally powerful mini PC designed for both everyday and professional use. With an Intel® Core™ Ultra 9 285H processor, 32GB of fast DDR5 memory, and a refined design, this small computer is perfect for a variety of tasks. The computer comes with Windows 11 Pro pre-installed, but also offers support for alternative systems such as Ubuntu, Manjaro, and Android x86.

The power of a multi-core CPU

At the heart of the device is an Intel® Core™ Ultra 9 285H processor, which offers up to 16 physical cores without Hyper-Threading technology. This solution allows for higher single-thread

performance, better control over power consumption, and more stable operation under heavy loads. With a clock speed of up to 5.4 GHz and Intel Quick Sync Video technology, the IT15 is great for video editing, encoding, live streaming, and advanced work.

Stable and quiet operation

The IceBlast 2.0 cooling system used in this model combines a large heat sink, two heat pipes, efficient fans, and high-quality thermal materials. All this allows you to maintain a low operating temperature even when editing 4K, using virtual machines, or compiling projects. The equipment operates stably and quietly, which is important in both office and home work environments.

Durable housing

The all-metal housing design, including internal reinforcement, makes the IT15 resistant to pressure and mechanical damage. The device undergoes rigorous testing for shock, temperature, humidity, and long-term operation.

Built-in ports

The MINI PC offers 2 USB4 Type-C ports (with eGPU, charging, and display support), four USB-A ports, two HDMI ports, and a 2.5Gbps LAN port. The IT15 supports up to four monitors simultaneously, making it easy to multitask or edit high-resolution content. Meanwhile, Wi-Fi 7 and Bluetooth 5.4 provide lightning-fast and stable wireless connectivity, whether you're video conferencing, working in the cloud, or transferring large files.

Manufacturer	Geekom
Model	IT15
Processor	Intel® Core™ Ultra 9 285H
