The AD 4 Premium ash and dry vacuum cleaner with 600 watt turbine and an exhaust filter ensures impressively high, long-lasting suction power. Its integrated filter cleaning system cleans the clogged filter at the touch of a button, so that the suction power is immediately increased again. Quick and convenient emptying of the waste container without contact with dirt is ensured by a 1-part filter system (with robust flat pleated filter and metal coarse dirt filter) and a practical handle on the container. Furthermore, high-grade flame-resistant materials ensure maximum safety in vacuuming up ash. And thanks to the bevelled hand tube, all ash residues are comfortably vacuumed up – even in corners and difficult-to-reach places in the chimney. Together with the floor nozzle for hard surface cleaning and the high-quality chrome-plated suction tubes, both provided in the delivery, the AD 4 Premium can be used anywhere as a fully-fledged dry vacuum cleaner. Other practical features: Storage of the cable and accessories and the practical way the suction hose or suction
