The most competitive grade mouse sensor chip PixArt 3311, 3395 and PixArt 3950 for 8K version, with up to 30,000 DPI, up to 750 IPS, and incomparable gripping precision. The perfect sensitivity brings smooth and accurate tracking of your hand's actions whether play or work.

8000 Hz Polling Rate Option

The PixArt 3950 supports an ultra-fast 8K Hz polling rate option. Setting the mouse at a 8000 Hz polling rate can result in a high-speed signal transmittance between the mouse and the connected device. More responsive cursor movements captured with faster trigger response guarantees unparalleled performance, securing your triumph when it truly counts!

More Customization on The Keychron Launcher

Just click, save, and turn it off, the online Launcher web app allows for easy personalization. You can modify keys, set shortcuts, create dedicated macros, or do professional settings for LOD, polling rate, DPI, etc. Besides, it provides 5 on-board memory profiles for your access to different apps or computers.

Anytime, Anywhere Access

Keychron Launcher is a web page configurator that you can use in the office, school, lab, or government department—anywhere with internet access. Configure your mouse online anytime without the need to download or install files. No hassle, no trouble.

Compatible with All Platforms

As a web-based tool, Keychron Launcher supports all operating systems. Personalize and program your mouse on Windows, macOS, Linux, and more. Enjoy unprecedented flexibility with compatibility across Chrome, Edge, and Opera browser.

Always Up to Date

Keychron Launcher is continuously updated, ensuring you always have access to the latest version.

There's no need to download updates or wait for installations.

Stable & Ultra-low Latency Response

2.4 GHz and Bluetooth

With cutting-edge 2.4 GHz frequency wireless connectivity, the M3 gives you extremely low latency and quick response for gaming and the office. M3 8K also offers a stable 5.3 Bluetooth connection for even more variety in your wireless connectivity.

The Ultimate Ergonomic Design

Ergonomic curved design ensures a comfortable grip for a long time. The grip pattern design on both sides of the grip makes the gripping experience even better.

Peak Performance For Every Scenario

Precise sensors, extremely low latency wireless connectivity, and high polling rate give you the best performance for both office, gaming or even on the go.

Lightweight at Only 79g

Lightweight at only 79g, it offers just the right amount of lightness, flexibility, and effortless to hold in your hand for extended use.
