EAN: 5099206057333

Prekės kodas: 37874

20.99€

Logitech® Stereo Headset H151. Speak clearly. Crisp calls with stereo sound make it easy to stay in touch. The noise-cancelling microphone reduces annoying background noise, so you can be heard clearly. You can wear the microphone on your left or right, and just rotate it up and out of your way when you're not using it. Personalise your fit with the adjustable headband and foam ear cups. In-line controls make it easy to adjust the volume and mute the microphone. It's easy to set up, too. Just plug your headset and it works with common calling applications across almost all platforms and operating systems.

- **PLUG AND PLAY COMPATIBILITY** – H151 works with common calling applications across almost all platforms and operating systems.

- STEREO SOUND – Enjoy full stereo sound for crisp, clear voice and video calls, music, games and more. An essential stereo headset for either personal use or the office.
- ROTATING MICROPHONE – The boom can rotate 180° to be worn on the left or right, and tucked out of the way when you're not using it. The flexible mic can be positioned to capture your voice better and reduce background noise.
- IN-LINE CONTROLS – Convenient and simple in-line controls on the headset cord let you adjust the volume or mute calls without disruption.
- ADJUSTABLE HEADBAND – The sturdy yet lightweight stereo headset has a broad range of adjustment. Ultra-soft foam ear cushions provide hours of comfort.
