

Processor Intel Core i9-12900K 3.20 GHz (Alder Lake) LGA 1700 Boxed

Modelis: BX8071512900K

Gamintojas: INTEL

EAN: 5032037234641

Prekės kodas: 379389

418.99€

Processor Intel Core i9-12900K: The Power of 12th Generation Alder Lake

The Intel Core i9-12900K desktop processor sets a new standard for computing performance, utilizing the revolutionary 12th Generation Alder Lake architecture. Designed for extreme gamers, professional content creators, and serious multi-taskers, this flagship CPU introduces a groundbreaking hybrid design combining Performance-cores (P-cores) and Efficient-cores (E-cores).

With a base clock speed of 3.20 GHz, the i9-12900K excels in complex workloads and demanding applications. As an 'K' series processor, it is fully unlocked, providing enthusiasts with the flexibility

to overclock and push system limits for maximum speed and responsiveness.

Next-Level Architecture and Connectivity

The Alder Lake platform brings significant technological advancements to your system build. By optimizing workload placement using Intel Thread Director, this processor ensures that applications run efficiently on the appropriate core type, delivering stellar performance whether you are gaming, rendering 3D models, or streaming high-resolution video.

- **Revolutionary Hybrid Core Design:** Combines high-performance P-cores for peak application speed and energy-efficient E-cores for scalable multi-threaded performance.
- **Unlocked for Overclocking ('K' Series):** Provides manual control over clock speeds to achieve customized, enhanced performance levels.
- **LGA 1700 Socket Compatibility:** Designed for the latest motherboards, supporting modern features and high-speed data transfer.
- **Future-Proof Connectivity:** Supports high-speed DDR5 memory and blazing-fast PCIe 5.0 lanes, maximizing bandwidth for graphics cards and NVMe storage.

Uncompromised Performance for Creators and Gamers

Whether you are building a cutting-edge gaming rig or a powerful workstation, the Intel Core i9-12900K delivers the raw processing power needed to dominate. Experience lightning-fast load times, seamless background tasks, and incredible frame rates in the most demanding titles.

INTEL is globally recognized as the leader in semiconductor and processor technology, continually innovating to provide the backbone for modern computing. Their Core series represents the pinnacle of consumer CPU engineering.

Order today from ++SHOP++ as we offer the best deals on high-performance components and reliable customer service.
