

Processor Intel Core i3-12100 3.30 GHz (Alder Lake-S) LGA 1700 - Boxed

Modelis: BX8071512100

Gamintojas: INTEL

EAN: 5032037238458

Prekės kodas: 379400

196.00€

Introducing the Intel Core i3-12100 Processor

The Intel Core i3-12100 processor brings the efficiency and performance of the 12th Generation Alder Lake architecture to budget-conscious desktop builders. Operating at a reliable base clock speed of 3.30 GHz, the i3-12100 is engineered for smooth multitasking, efficient everyday computing, and providing a solid foundation for entry-level gaming experiences.

Designed to utilize the new LGA 1700 socket, this CPU provides modern connectivity and ensures compatibility with the latest generation of motherboards and components. Whether you are building a reliable office PC or an affordable gaming rig, the i3-12100 delivers impressive responsiveness. This boxed version includes the necessary Intel cooler, making it ready for immediate installation.

Key Specifications and Features:

- Powered by the advanced 12th Generation Alder Lake-S architecture, ensuring improved power efficiency and speed compared to previous generations.
- Base clock speed of 3.30 GHz provides consistent, high performance for daily tasks and applications.
- Utilizes the LGA 1700 socket, offering future-proof compatibility with modern motherboards.
- The boxed version includes a dedicated Intel cooling solution for convenient setup.
- An excellent starting point for new desktop PC builds, balancing cost and performance effectively.

Intel is the world leader in semiconductor innovation, providing the fundamental technology that powers the world's computers and data centers. Known for reliability, performance, and groundbreaking architectures, Intel processors are the foundation of modern computing.

Order today from ++SHOP++ as we offer the best deals and fast shipping on all genuine Intel CPUs.
