latest AAA titles at maximum settings, the Core i9-14900K provides the responsiveness and throughput required to dominate any workload.

Key Specifications and Benefits:

- **Ultimate Speed:** Achieves an impressive maximum boost clock frequency of up to 6.0 GHz, ensuring seamless execution of demanding tasks.
- **Advanced Architecture:** Utilizes the highly optimized Raptor Lake Refresh architecture for superior efficiency and performance gains over previous generations.
- **Platform Compatibility:** Designed for the Intel LGA 1700 socket, offering broad compatibility with modern high-end motherboards.
- **Core i9 Series:** Represents the pinnacle of Intel's desktop CPU lineup, providing industry-leading multi-core and single-core capabilities.
- **Note on Cooling:** This high-performance desktop processor does not include a cooling solution (cooler not included). A robust, separate cooling system is highly recommended to maintain peak performance under load.

Designed for Peak Demands

The Intel Core i9-14900K is the definitive choice for users who demand zero compromise. Its hybrid core design intelligently manages resources, allowing performance cores (P-cores) to handle heavy computing threads while efficiency cores (E-cores) manage background tasks, maximizing overall system fluidity.

INTEL is globally recognized as a leader in semiconductor innovation, designing and manufacturing the world's most critical components for computing technology. Their Core series processors set the standard for desktop performance and reliability.

Order today from ++SHOP++ and upgrade your system with the cutting-edge power of the Intel Core i9-14900K.
