### High capacity - high speed

The Memory Center is the ideal storage solution for large amounts of data. Photos, movies and music files have sufficient space on the 3.5" desktop hard drive. The high-glossy plastic housing appears classic and blends well into any office. You wish to quickly transfer your large video and music files from your computer to an external hard drive? No problem with the Memory Center. The hard drive can achieve 10 times higher transfer rates than hard drives with USB 2.0. Reading rates of 85 MB per second and writing rates of 75 MB per second ensure a quick data transfer.
