files wherever you go. Just slip the USB 3.0 external hard drive in your bag, head out, and connect to your computer via the included cable.

No Software. No Fuss.

When it comes to backup for Windows, Seagate Basic gets straight to the point. You don't need to worry about installing software or anything else — it's ready to go out of the box. To use with Macs, simply reformat.

Welcome to simple, on-the-go storage for your digital world.
