Measuring in at just 10.3 mm thick the ADATA HV300 external hard drive is as thin as they come. It slips easily into the pockets of briefcases and backpacks, making it ideal for people on the move. On the inside, it packs up to 5 TB of storage, so it's got plenty of space for all your media and everything else.

Sophisticated styling, four unique colors

With four colors to choose from - black, red, white and blue - there is a color to suit just about any personality. What's more, it has an elegant design that is guaranteed to impress, namely its eye-catching, glossy front cover surrounded by a beautifully textured frame.

Stylishly svelte

Just when you thought an HDD couldn't get any thinner, it does. The 2 TB variant of the HV300 sports a super-slim 10.3 mm profile that will be pleasing to your eyes and equally satisfying to grasp in your hands.

Keep errors and bad sectors at bay

Lesser external drives continue to work even when dropped or encounter a shock, resulting in errors and bad sectors. With ADATA's proprietary shock sensors, all drive activity will cease when a physical shock is detected. Once in the clear, activity resumes. You're kept fully informed with a clear status indicator.

More space to back you up

In an era of 4K UHD and 8K video content gigabytes just don't cut it anymore. With up to a massive 5 TB of storage space the HV300 has you covered and ready to back up all your music, movies, photos and more.

Keep data safe with AES encryption

HDDtoGO software with AES-256 bit encryption keeps your important data safe from prying eyes. It can work without a CPU so it doesn't affect hardware performance.
