

SOUNDBAR SPEAKER/Q65H TCL

Modelis: Q65H

Gamintojas: TCL

EAN: 5901292528102

Prekės kodas: 379999

224.00€

Acoustic technology determines the upper limit of sound quality

RAY·DANZ

Good sound from all directions

TCL RAY·DANZ is a custom designed acoustic technology that systematically and precisely controls the direction of sound unit, sound reinforcement structure, sound algorithm and golden ear tuning. This technology significantly broadens the soundstage, delivering a cinematic striking sound experience.

Sound Arc Design

Wider soundstage, clearer sound

The latest generation of sound arc has 5 years of technical R&D and 3 design iterations. The speaker features a custom high-frequency tweeter designed for stronger directivity and clearer sound. Additionally, it is equipped with a custom designed amplification horn structure, which has

undergone thousands of angle design and the optimal inclination angle of 60°, to physically broaden the soundstage, delivering a more immersive surround sound experience.

Customised Tweeter:

Tetoron Cloth Dome Tweeters

NdFeB (neodymium iron boron) high-end magnet

High fidelity sound detail

60° Amplified Horn*:

60° golden angle

Ultra high ultrasonic reflection rate

Wider soundstage

Soundstage Widening Technology

Balanced optimization, wider soundstage

Based on customized directional speakers and golden amplification angle, combined with self-developed soundstage broadening algorithms and refined parameter tuning, it greatly widens the soundstage and brings even more striking surround effect.

The number of channels is an important parameter that affects sound quality

5.1 physical surround channel

360° three-dimensional true surround, dive into the content

Elevate your TV to 5.1 Channel to enjoy a real immersive experience, with 5 main sound channels and 1 wireless subwoofer. Experience marvelous three-dimensional and surround sound with sound from overhead as well as from behind. And dive into the contents you watch.

High-fidelity deep bass

High fidelity, stirring hearts.

Equipped with a 150W wireless independent subwoofer unit, featuring large-size ferrite magnets and Conex elastic wave materials. It delivers a thrilling bass experience while effectively reducing bass distortion, delivering powerful sound that envelops you.

Array-type vocal enhancement unit

Clear vocals, immersive dialogue

By altering the traditional soundbar acoustic structure, vocal frequencies are concentrated and emitted from the center unit, enhancing sound directionality and clarity of dialogue.

Wide-range high-frequency enhancement unit

Transparent highs, enchanting music

Through deep analysis of high-frequency segments of the audio source, it moderately amplifies the level of detail and tonal nuances of high frequencies, providing concert hall-level transparent highs that captivate listeners.

AI Sonic-Adaptation

Perfect sound for all spots

By calibrating the sound in your room, AI Sonic-Adaptation will customize the sound for you. No matter where you sit, just set your personalized sweet spot through TCL Home application.

Dolby Atmos & DTS: X

Revolutionize your entertainment with Dolby Atmos and DTS:X

Revealing depth, clarity, and details like never before, Dolby Atmos is a sound experience you can feel all around you.

DTS:X delivers a 3D home audio experience like you've never heard before. Be prepared — improved sound immersion and heightened realism make horror movies scarier, comedies more laugh-out-loud, and car chase scenes even more intense.

Professional Connectivity

Starting with TV, going beyond TV

Tutti Choral

Harmonious resonance between TV and soundbar

Our self-developed linkage sound technology enables perfect compatibility between the soundbar and TCL televisions. It intelligently allocates sounds from different frequency ranges to corresponding channels, facilitating seamless coordination between the TV speakers and external soundbars. This provides clearer vocals and a more immersive soundstage, collectively creating a

stunning home theater-level audio experience.

Intelligent interaction

Magnify the happiness again

Equipped with Bluetooth 5.3, all the good music is worth listening to again with the soundbar.

Low latency for smooth connection

Simultaneous sound in real-time

Equipped with HDMI eARC and HDMI IN interface, Q65H supports Dolby Atmos high-resolution audio, variable refresh rate and automatic low latency to improve audio details and give you more wonderful moments.

Excellence in Craftsmanship, Displaying Quality

Inky Arc Design

Fine engraving, exquisite and natural

Main body appearance using a deep black appearance, the iconic arc elements respond to the vast open soundstage. Metal decorative panel and delicate touches with the texture of the surrounding fabric. This is the perfect blend of technology and home decor that brings a restrained and sophisticated aesthetic to the home.
