

WD Black SN8100 NVMe SSD 1TB M.2 2280 W/Heatsink POWERED BY SANDISK

Modelis: WDS100T1XHM-00CMT0

Gamintojas: SANDISK

EAN: 619659220914

Prekės kodas: 380091

409.98€

The WD_BLACK SN8100 is designed for high-performance computing and gaming environments, offering a robust storage solution with a capacity of 1 TB. Utilizing the PCI Express 5.0 x4 NVMe interface, this solid state drive features internal data rates of up to 14,900 MBps, ensuring quick access to files and programs. With its integrated heatsink, the WD_BLACK SN8100 efficiently manages heat, allowing for sustained performance under heavy workloads. The controllable RGB lighting adds a personalized touch to your setup, making it functional and visually appealing. In addition to its speed and aesthetics, the WD_BLACK SN8100 boasts endurance of 600 TB, meaning it can handle extensive write cycles without compromising performance. It's built with 3D triple-level cell NAND flash memory, enhancing both performance and lifespan. With a minimum operating
