## Philips 24B2N3200J 23.8-inch Full HD Monitor

The Philips 24B2N3200J is engineered to elevate your desktop viewing experience. Featuring a 23.8-inch screen with a crisp 1920 x 1080 native resolution, this monitor delivers clear and detailed visuals. With a 120 Hz refresh rate and wide 178-degree viewing angles (both horizontally and vertically), the monitor ensures excellent visibility from any angle. The anti-glare screen coating helps to minimize reflections and reduce eye strain, even during long periods of use. Flicker-Free technology and SoftBlue technology further enhance eye comfort by reducing flicker and harmful blue light emissions.
