

## BOBOVR BD3 charging station for B100 batteries

Modelis: BD3

Gamintojas: BOBOVR

EAN: 6937267000389

Prekės kodas: 380653

# 54.99€

### BOBOVR BD3 charging station for B100 batteries

The BOBOVR BD3 charging station is an advanced solution designed specifically for charging B100 batteries. It allows you to charge three batteries simultaneously with 30 watts of power each, allowing you to charge up to 80% capacity in just one hour. This allows you to enjoy longer gameplay without interruptions for lengthy charging.

### Smart charging system and digital display

The BD3 station is equipped with a digital display that keeps you informed about the power output, the position of the fastest-charging battery and the precise charge level of each battery. In this way, you have full control over the charging process and can easily manage the duty cycles.

## Charging performance and safety

The station supports USB-C power, accepting 5V, 9V, 12V and 15V with a maximum of 3A and 20V at 5A. Magnetic connectors on the output provide a maximum power of 8.4 V and 5 A, which guarantees fast, stable and safe charging. For optimal performance, it is recommended to use certified chargers and cables that support the E-mark 100 W standard.

## Compact design and robust performance

The BD3 station has compact dimensions of 160 x 115 x 21.5 mm, so it will easily fit on a desk without taking up too much space. BOBOVR, known for its high-quality manufacturing, ensures the durability and reliability of the device.

## Optimal charging power

BOBOVR BD3 supports fast charging with a maximum power of 90 watts, which translates into reliable and efficient operation. Each of the three charging slots operates independently, delivering 30 watts per battery, allowing them to be charged simultaneously and evenly without a drop in performance.

## Included

- DB3 charging station
- Charging cable
- User manual

<b>Manufacturer</b>	BOBOVR
<b>Model</b>	BD3
<b>Input (USB-C)</b>	5V, 9V, 12V, 15V 3A Max; 20V 5A Max

**Output (magnetic connector)** 8.4V 5A Max
