

## Smartphone HOTWAV Hyper 7 Pro (red)

Modelis: Hyper 7 Pro Red

Gamintojas: HOTWAV

EAN: 6971593176493

Prekės kodas: 380681

# 378.98€

### HOTWAV Hyper 7 Pro Smartphone (Red)

The HOTWAV Hyper 7 Pro 5G is an exceptionally durable smartphone, redefining durability standards by combining a powerful 200 MP camera system with uncompromising performance. This device is powered by an octa-core MediaTek Dimensity 7050 (2.6 GHz) processor, manufactured using 6 nm lithography, and supported by an impressive 36 GB of RAM and fast 256 GB storage.

#### Stylish Finish

The back of the Hyper 7 Pro's case is made of new-generation PU leather, distinguished by its consistent texture and uniform Magma Red color. This material provides an attractive appearance and increased resistance to wear and tear during intensive use. PU leather is less susceptible to stains and dirt, making cleaning quick and easy, which translates into an aesthetic appearance even after long-term use.

## **Military-Grade Durability and Robust Construction**

This smartphone meets the stringent IP68, IP69K, and MIL-STD-810H military standards, confirming its resistance to water, dust, high-pressure washing, high temperatures, and extreme shocks and impacts. The construction is reinforced with thickened rubber corners and a screw-mounted aluminum alloy side frame. Additional features, such as a sealed charging port cover and a lanyard holder, increase functionality and safety in harsh outdoor conditions.

## **A Reliable Light Source for Expeditions**

A unique feature of the housing is the built-in Hyper LED Camping Light with an impressive brightness of 280 lumens, powered by a system of 510 LEDs with a total power of 6 W. The user can choose from constant light modes with different power levels and flashing modes, including SOS and Super. Additionally, there is a timer function with automatic shutdown after 5, 10, 15, 30, or 60 minutes.

## **Next-Generation Power**

At the heart of the device is a MediaTek Dimensity 7050 5G processor with eight cores and a clock speed of up to 2.6 GHz, manufactured using TSMC's energy-efficient 6 nm process technology. The smartphone uses fast LPDDR5 RAM and UFS 3.1 storage, which translates into smooth system and application performance. Thanks to Hyper Engine 3.0 technology, the Hyper 7 Pro offers better performance optimization during gaming and intensive use.

## **Advanced 5G Connectivity**

The Hyper 7 Pro supports the latest 5G Carrier Aggregation 2CC-CA technology, which allows FDD and TDD bands to be combined, increasing bandwidth by up to 30%. The integrated MediaTek 5G UltraSave modem ensures lower power consumption when using 5G networks. The smartphone also offers Dual 5G SIM support in SA+SA mode and support for VoNR voice and video calls, ensuring stable and fast communication.

## **A Multimedia Duo for Work and Entertainment**

The 6.6-inch main display with a high resolution of 2.4K guarantees a crystal-clear image and excellent readability even in full sunlight thanks to a brightness of 520 nits. The 120 Hz refresh rate

ensures flawless animation and interface smoothness. An innovative addition is the 1.45-inch secondary screen on the rear panel, which allows you to instantly view key notifications without having to unlock your phone.

## 200 MP Hyper Photography Camera System

This smartphone features a 200 MP Ultra Clear Pixel camera, whose Super-Pixel mode provides unparalleled sharpness and precision in reproducing the smallest details of the image. PixSmart AI-Boost Night Mode technology improves the quality of night photos, and a dedicated 24 MP night camera allows you to capture more details in low light. The front of the device features a 32 MP HD camera, which guarantees excellent quality selfies and smooth video calls.

## Fast Charging and Stable System Performance

The device is powered by a 10,800 mAh battery, ensuring long-lasting operation of the smartphone and flashlight during multi-day trips. Thanks to 33 W fast charging support, it allows for efficient energy replenishment. The device runs on Android 14, providing users with access to the latest features and a higher level of security.

## Included

- Smartphone
- 33 W mains charger
- USB-C cable
- OTG cable
- User manual
- Warranty card
