

## Smartphone HOTWAV T7S (Black)

Modelis: T7S Black

Gamintojas: HOTWAV

EAN: 6971593178930

Prekės kodas: 380686

# 151.99€

### HOTWAV T7S Smartphone (Black)

The HOTWAV T7S is a rugged smartphone engineered for unwavering reliability. This device combines a durable design resistant to water, dust, and drops, with the seamless performance of Android 13 and a powerful octa-core processor. Its large, clear screen is functional in any environment, even with gloves on, and the high-capacity battery provides days of use without needing a recharge. Featuring ample data storage, dependable cameras, fast connectivity, and precise navigation, the HOTWAV T7S is the perfect companion for work, travel, and daily life.

#### System Performance and Smooth Operation

Running on Android 13.0, the smartphone offers an intuitive interface, the latest security updates, and extensive customization options. The MediaTek MT8788 octa-core processor, built with 12 nm technology and supported by the Mali-G72 MP3 graphics chip, ensures smooth performance. This

setup allows for seamless application performance, efficient multitasking, and stable gaming. The smartphone also includes 4 GB of RAM, expandable by an additional 4 GB of virtual RAM, providing up to 8 GB of operating memory for enhanced system responsiveness.

## **Large Screen Ready for Any Environment**

The HOTWAV T7S features a 6.52-inch HD+ display with a resolution of 720 × 1600 pixels and a brightness of up to 450 nits, ensuring comfortable viewing even in bright sunlight. The screen is protected by Dragontrail Glass, offering increased resistance to scratches and physical damage. The Glove-Friendly Screen function allows operation while wearing gloves, making it ideal for cold weather or fieldwork.

## **Storage Freedom and Extended Battery Life**

With 128 GB of internal storage, expandable up to 2 TB with a TF card, you'll have plenty of room for data, photos, and apps. The 6280 mAh battery ensures extended use without frequent charging—up to 50 days in standby mode or 30 hours of talk time, gaming, and video playback. It's perfect for those who are often away from a power source.

## **Uncompromising Photography and Communication**

Equipped with a 21 MP rear camera and an 8 MP front camera, the smartphone captures clear photos and supports video calls. 4G LTE support, Dual SIM capability, and dual-band 2.4/5 GHz Wi-Fi ensure a stable connection in any situation. Precise GPS, GLONASS, and Galileo navigation systems provide accurate positioning, while Face Recognition offers quick and secure device unlocking.

## **Thoughtful Design**

Despite its ruggedness, the HOTWAV T7S maintains a comfortable profile with a thickness of 12.8 mm and a weight of 292 g. It's designed for those who need a durable, powerful phone ready for any challenge, without sacrificing modern smartphone functionality.

## **Reliable Durability**

The smartphone meets IP68, IP69K, and MIL-STD-810H military standards, guaranteeing resistance to water, dust, mud, and drops from up to 1.2 meters. This device withstands rain, construction sites,

### **HOTWAV T7S smartphone (black)**

The HOTWAV T7S is a smartphone designed for those who expect uncompromising reliability. It combines a rugged design that is resistant to water, dust, and drops with the smooth performance of Android 13 and a powerful octa-core processor. The large, easy-to-read screen works in all conditions, even when wearing gloves, and the high-capacity battery allows you to use your phone for days without charging. Add to that large data storage, reliable cameras, fast connectivity, and precise navigation, and the HOTWAV T7S is a versatile companion for work, travel, and everyday life.

### **System performance and smooth operation**

The smartphone runs on Android 13.0, offering intuitive operation, up-to-date security, and extensive customization options. Smooth operation is ensured by the MediaTek MT8788 octa-core processor manufactured using 12 nm technology, supported by the Mali-G72 MP3 graphics chip. This configuration ensures smooth application performance, comfortable multitasking, and stable gaming. The smartphone also offers 4 GB of RAM, expandable by an additional 4 GB of virtual RAM,

for a total of up to 8 GB of operating memory, which significantly improves system responsiveness.

## **A large screen ready for all conditions**

The HOTWAV T7S is equipped with a 6.52-inch HD+ display with a resolution of 720 × 1600 pixels and a brightness of up to 450 nits, allowing for comfortable use of the smartphone even in full sunlight. The screen is protected by Dragontrail Glass, which increases resistance to scratches and mechanical damage. An additional advantage is the Glove-Friendly Screen function, which allows you to operate the phone while wearing gloves – a solution particularly useful in cold weather or when working in the field.

## **Storage freedom and long battery life**

There is 128 GB of internal memory for data, photos, and applications, which can be expanded with a TF card up to 2 TB. This means you don't have to worry about running out of space, even with intensive use. The 6280 mAh battery allows you to use your smartphone for a long time without reaching for a charger – up to 50 days in standby mode or up to 30 hours of talking, gaming, and video playback. It's the perfect solution for people who are often away from home or away from a power source.

## **Photography and communication without compromise**

The smartphone is equipped with a 21 MP rear camera and an 8 MP front camera, allowing you to take clear photos, make video calls, and capture everyday moments. Support for 4G LTE networks, Dual SIM functionality, and dual-band 2.4 and 5 GHz Wi-Fi guarantee a stable connection in any situation. Precise navigation based on GPS, GLONASS, and Galileo systems makes it easy to navigate the terrain, while the Face Recognition feature ensures fast and secure unlocking of the device.

## **Thoughtful design**

Despite its durability, the HOTWAV T7S retains reasonable proportions – with a thickness of 12.8 mm and a weight of 292 g, the smartphone fits comfortably in your hand and is convenient for everyday use. It is an option for those who need a durable, powerful phone that is ready for any challenge, without sacrificing the functionality of a modern smartphone.
