

## Smartphone HOTWAV T7S (Green)

Modelis: T7S Green

Gamintojas: HOTWAV

EAN: 6971593178947

Prekės kodas: 380687

# 151.99€

### HOTWAV T7S Smartphone (Green)

The HOTWAV T7S is a rugged smartphone designed for uncompromising reliability. Its durable design is resistant to water, dust, and drops, paired with the smooth performance of Android 13 and a powerful octa-core processor. The large, easy-to-read screen functions perfectly even when wearing gloves, and the high-capacity battery provides days of use without needing a charge. With ample data storage, reliable cameras, fast connectivity, and precise navigation, the HOTWAV T7S is a versatile companion for work, travel, and everyday life.

#### System Performance and Smooth Operation

This smartphone runs on Android 13.0, offering an intuitive interface, up-to-date security, and extensive customization options. The MediaTek MT8788 octa-core processor, built with 12 nm technology and supported by the Mali-G72 MP3 graphics chip, ensures smooth operation. This

configuration allows for seamless application performance, comfortable multitasking, and stable gaming. The device features 4 GB of RAM, expandable by an additional 4 GB of virtual RAM, totaling up to 8 GB to further enhance system responsiveness.

## **Large Screen Ready for All Conditions**

The HOTWAV T7S features a 6.52-inch HD+ display with a resolution of 720 × 1600 pixels and a brightness of up to 450 nits, ensuring comfortable use even in bright sunlight. The Dragontrail Glass protection enhances resistance to scratches and mechanical damage. The Glove-Friendly Screen feature allows operation while wearing gloves, making it especially useful in cold weather or demanding work environments.

## **Storage Freedom and Long Battery Life**

With 128 GB of internal memory, expandable up to 2 TB with a TF card, you'll have plenty of space for data, photos, and applications. The 6280 mAh battery provides extended usage without frequent charging—up to 50 days in standby mode or up to 30 hours of talk time, gaming, and video playback. It's ideal for those who are often on the move or away from power sources.

## **Photography and Communication Without Compromise**

Equipped with a 21 MP rear camera and an 8 MP front camera, the HOTWAV T7S allows you to capture clear photos, make video calls, and record everyday moments. Support for 4G LTE networks, Dual SIM functionality, and dual-band 2.4 and 5 GHz Wi-Fi ensures a stable connection in any situation. Precise navigation using GPS, GLONASS, and Galileo systems simplifies orientation, while Face Recognition provides fast and secure device unlocking.

## **Thoughtful Design**

Despite its ruggedness, the HOTWAV T7S maintains practical dimensions, with a thickness of 12.8 mm and a weight of 292 g, making it comfortable to hold and use daily. It is the perfect choice for anyone needing a durable, powerful phone ready for any challenge, without sacrificing modern smartphone functionality.

## **Durability You Can Rely On**

[www.shopro.lt](http://www.shopro.lt) | [info@shopro.lt](mailto:info@shopro.lt) | +370 693 39903

The smartphone runs on Android 13.0, offering intuitive operation, up-to-date security, and extensive customization options. Smooth operation is ensured by the MediaTek MT8788 octa-core processor manufactured using 12 nm technology, supported by the Mali-G72 MP3 graphics chip. This configuration ensures smooth application performance, comfortable multitasking, and stable gaming. The smartphone also offers 4 GB of RAM, expandable by an additional 4 GB of virtual RAM, for a total of up to 8 GB of operating memory, which significantly improves system responsiveness.

## **A large screen ready for all conditions**

The HOTWAV T7S is equipped with a 6.52-inch HD+ display with a resolution of 720 × 1600 pixels and a brightness of up to 450 nits, allowing for comfortable use of the smartphone even in full sunlight. The screen is protected by Dragontrail Glass, which increases resistance to scratches and mechanical damage. An additional advantage is the Glove-Friendly Screen function, which allows you to operate the phone while wearing gloves – a solution particularly useful in cold weather or when working in the field.

## **Storage freedom and long battery life**

There is 128 GB of internal memory for data, photos, and applications, which can be expanded with a TF card up to 2 TB. This means you don't have to worry about running out of space, even with intensive use. The 6280 mAh battery allows you to use your smartphone for a long time without reaching for a charger – up to 50 days in standby mode or up to 30 hours of talking, gaming, and video playback. It's the perfect solution for people who are often away from home or away from a power source.

## **Photography and communication without compromise**

The smartphone is equipped with a 21 MP rear camera and an 8 MP front camera, allowing you to take clear photos, make video calls, and capture everyday moments. Support for 4G LTE networks, Dual SIM functionality, and dual-band 2.4 and 5 GHz Wi-Fi guarantee a stable connection in any situation. Precise navigation based on GPS, GLONASS, and Galileo systems makes it easy to navigate the terrain, while the Face Recognition feature ensures fast and secure unlocking of the device.
