HOTWAV A17 Pro Max Smartphone (Black)

The HOTWAV A17 Pro Max is a smartphone engineered for individuals seeking enhanced fluidity, intelligence, and freedom in their daily routines. Its expansive, exceptionally smooth 120 Hz display delivers impressive image quality, while its slim and lightweight design ensures a comfortable grip. Advanced artificial intelligence streamlines daily tasks, fuels creativity, and offers support in diverse scenarios. A robust processor and the Android 15 system guarantee a seamless user experience. Complemented by an elegant metal casing, dependable cameras, precise security features, and a high-capacity battery, this device easily keeps pace with your dynamic lifestyle.

Intelligence that keeps up with you

The HOTWAV A17 Pro Max elevates artificial intelligence to new heights. Utilizing the Gemini 2.5 Flash model, one of Google's most sophisticated AI systems, it seamlessly integrates speed, high

performance, and intelligent inference. As Google's premier model with advanced "thinking" capabilities, it adeptly answers intricate questions, analyzes images, generates visuals from descriptions, and facilitates creative brainstorming via the Gemini Live feature. Furthermore, integration with Google applications like YouTube and Maps enhances the intuitive nature of everyday phone usage.

Smoothness visible with every touch of the screen

The HOTWAV A17 Pro Max display is engineered for optimal image smoothness. Featuring 120 Hz Seamless Motion Display technology, every scroll, drag, and animation glides effortlessly across the screen, creating a near-"gliding" visual effect. This high refresh rate transforms everyday smartphone interactions into a fluid, visually pleasing experience characterized by smooth transitions and crystal clarity, appealing to gamers, multimedia enthusiasts, and frequent video streamers.

Large screen, cinematic experience, and clear graphics

The smartphone features a spacious 6.75-inch HD+ display with a 20:9 aspect ratio, providing an expansive, cinematic canvas for movies, content browsing, and gaming. The screen's 90% screen-to-body ratio renders the bezels nearly invisible, further enhancing the immersive experience. Additionally, a brightness of 420 nits ensures excellent image readability across diverse lighting conditions.

Lightness and elegance in your hand

The HOTWAV A17 Pro Max redefines slim smartphone design. Weighing a mere 225 grams and with a thickness of only 8.5 mm, it provides a comfortable grip, even during extended use. The back cover, crafted from aluminum and titanium alloy, imparts an aesthetic and durable quality to the device. Each curve and detail of the casing is meticulously engineered to meld precision with minimalist beauty, lending the phone a modern and elegant aesthetic.

A powerful battery for a whole day's work

The HOTWAV A17 Pro Max delivers extended and dependable performance with its 5160 mAh battery, designed for intensive use. Stream, converse, navigate, and game throughout the day

without frequent charging interruptions. The smartphone provides up to 400 hours of standby time, 22 hours of talk time, and 33 hours of music playback, making it an ideal choice for users prioritizing mobility and independence from power outlets.

Smooth, intuitive system

Running on Android 15 and powered by a robust ASR8662 octa-core processor, the HOTWAV A17 Pro Max ensures smooth application performance and stable system operation. The smartphone supports 1080P video recording and features 13 MP and 5 MP cameras, along with Bluetooth 5.4 connectivity. Security and convenience are facilitated by a side fingerprint reader and Face Unlock. Furthermore, support for GPS, Galileo, Glonass, and Beidou satellite navigation systems guarantees precise positioning in diverse situations.

Included in the box

- Smartphone
- Data cable
- 10W charger

ensure a comfortable working experience. The whole thing is complemented by an elegant metal casing, solid cameras, precise security features, and a capacious battery that will easily keep up with you from morning until late at night.

Intelligence that keeps up with you

The HOTWAV A17 Pro Max takes artificial intelligence to a whole new level. The Gemini 2.5 Flash model used is one of Google's most advanced AI systems, designed to perfectly combine speed, high performance, and intelligent inference. It is Google's first model with advanced "thinking" capabilities that can answer complex questions, analyze photos, generate images based on descriptions, and support creative brainstorming with the Gemini Live feature. Integration with Google apps such as YouTube and Maps makes everyday phone use more intuitive.

Smoothness visible with every touch of the screen

The display in the HOTWAV A17 Pro Max is designed for maximum image smoothness. 120 Hz Seamless Motion Display technology makes every scroll, drag, and animation move across the screen with ease, creating an almost "gliding" image effect. The high refresh rate turns everyday smartphone use into a visual symphony of smooth transitions and crystal clarity, which will be especially appreciated by gamers, multimedia enthusiasts, and those who frequently use video streaming.

Large screen, cinematic experience, and clear graphics

The smartphone features a large 6.75-inch HD+ display with a 20:9 aspect ratio, offering a wide, cinematic space for watching movies, browsing content, and gaming. The screen's 90% screen-to-body ratio makes the bezels almost invisible, and the ultra-slim design further enhances the experience. What's more, the 420 nits brightness ensures good image readability in a variety of conditions.

Lightness and elegance in your hand

The HOTWAV A17 Pro Max redefines the concept of a slim smartphone. Weighing only 225 grams and measuring only 8.5 mm thick, it fits perfectly in your hand and remains comfortable even during

prolonged use. The back cover of the smartphone is made of aluminum and titanium alloy, which ensures the aesthetic and durable character of the device. Every curve and every detail of the case has been designed to combine precision engineering with minimalist beauty, giving the phone a modern and elegant look.

A powerful battery for a whole day's work

The HOTWAV A17 Pro Max's long and reliable performance is ensured by a 5160 mAh battery, designed for intensive use. It allows you to stream, talk, navigate, and play games all day long without constantly reaching for the charger. The smartphone offers up to 400 hours of standby time, up to 22 hours of talk time, and up to 33 hours of music playback, making it a great choice for those who value mobility and independence from power outlets.

Smooth, intuitive system

The HOTWAV A17 Pro Max runs on Android 15 and is equipped with a powerful ASR8662 octa-core processor that ensures smooth application performance and stable system operation. The smartphone allows you to record video in 1080P quality, offers 13 MP and 5 MP cameras, as well as Bluetooth 5.4 connectivity. Security and convenience are ensured by a side fingerprint reader and Face Unlock feature. In addition, support for GPS, Galileo, Glonass, and Beidou satellite navigation systems guarantees precise positioning in any situation.
