

# NB MEMORY

## 32GB PC25600

## DDR4 SO/KIT2

## CT2K16G4SFRA32A

## CRUCIAL

Modelis: CT2K16G4SFRA32A

Gamintojas: CRUCIAL

EAN: 649528903617

Prekės kodas: 382092

# 262.99€

### The fast, easy way to improve your laptop's performance

There's an easy cure for a slow computer: more memory. Designed to help your system run faster and smoother, Crucial® Laptop Memory is one of the easiest and most affordable ways to improve your system's performance. Load programs faster. Increase responsiveness. Run data-intensive applications with ease, and increase your laptop's multitasking capabilities.

### Make everything on your computer faster

Memory is a component in your computer that allows for short-term data access. Since your system's moment-to-moment operations rely on short-term data access – loading applications, browsing the Web or editing a spreadsheet – the speed and amount of memory in your system plays a critical role. Load apps in seconds by increasing the speed of your memory and installing more of

it.

### **Multitask with ease**

If you're like us, you use your computer to do a lot of things at once. You might be editing a document, while also looking at pictures and browsing the internet. This naturally leads to a performance problem: every app you're running requires memory and competes for a limited pool of resources. Overcome this by installing high-density modules in each memory slot for seamless multitasking.

### **Install with ease - no computer skills required**

With just a screwdriver, your owner's manual, and a few minutes of time, you can install memory - no computer skills necessary. Just watch one of our three-minute install videos, and we'll walk you step-by-step through the process. Don't pay a computer shop to do something you can do in minutes!

### **Maximize the value of your system**

At a fraction of the cost of a new system, a memory upgrade is one of the most affordable ways to increase performance. Get more out of your laptop by giving it the resources it needs to perform.

### **Micron® quality - a higher level of reliability.**

As a brand of Micron, one of the largest memory manufacturers in the world, Crucial Desktop Memory is the standard for reliable performance. From the original SDRAM technology all the way to DDR4, we've engineered the memory technologies that have powered the world's computers for 40 years and counting. When you choose Crucial memory, you're choosing memory that's backed by a limited lifetime warranty and designed for the world's leading systems.<sup>1</sup> Don't settle for anything less.

- Make everything on your computer faster
- Multitask with ease
- Easy to install
- Maximize the value of your system

Summary: Crucial CT2K16G4SFRA32A. Component for: Laptop, Internal memory: 32 GB, Memory layout (modules x size): 2 x 16 GB, Internal memory type: DDR4, Memory clock speed: 3200 MHz,
