130.99€

Experience audio quality with the Lenovo 6550 headset, designed to meet the demands of both casual listeners and professionals. Featuring Hybrid Active Noise Canceling technology, this headset reduces background noise, allowing for clearer and more immersive sound. With a frequency response range from 20 to 20,000 Hz and stereo sound output mode, it provides rich and detailed audio for music, calls, and multimedia content. The uni-directional and omni-directional microphone options ensure optimal voice clarity, making it suitable for various environments. Connectivity is simple with Bluetooth 5.3, providing a reliable link to devices up to 30 m away. The headset is equipped with intuitive controls, including volume control, microphone mute, and call management, allowing for seamless operation. With a battery capacity of 640 mAh, it offers extended use, ensuring connection longer, while the quick recharge time of 2 hours means you can get back to enjoying your audio without significant downtime.
