All-in-One USB-C Connectivity

This monitor is built to keep your workspace clean and connected. The defining feature is the integrated USB-C 3.2 port which includes Power Delivery functionality. Using just a single cable, you can transfer high-resolution video data, connect to the built-in USB hub for peripherals, and simultaneously charge your linked laptop or device. This singular cable solution drastically reduces desktop clutter and simplifies your setup process.

Enhanced Viewing and Ergonomics

The 1000 series monitor offers features that prioritize user comfort and viewing experience:

- **IPS Panel Technology:** The 23.8-inch IPS display ensures ultra-wide 178° viewing angles and excellent color consistency, regardless of where you sit.
- **Smooth Performance:** A 100Hz refresh rate and 4ms response time provide a noticeably smoother visual experience compared to standard 60Hz monitors.
- **Full HD Clarity:** Enjoy sharp images and clear text with 1920 x 1080 resolution.
- **Built-in Audio:** Integrated speakers provide convenient audio output without the need for additional external devices, contributing to a minimalist desk setup.
- **Ergonomic Design:** Includes VESA mounting compatibility and height adjustment features, allowing you to position the display perfectly to reduce strain during long work sessions.

Philips is a recognized leader in technology, known for providing innovative and reliable display solutions that enhance both productivity and enjoyment.

Order today from ++SHOP++ as we offer the best shipping and customer service for high-quality display technology.

This monitor is made to keep you connected. With features like USB-C 3.2 with power delivery, users can charge their linked device and work seamlessly, all with one cable. In addition, the singular cable makes for a clean workspace.
