### Tomtoc Navigator-A33 Laptop Shoulder Bag (Black)

The Tomtoc Navigator-A33 is a shoulder bag designed for everyday convenience. It accommodates laptops up to 16 inches while offering a thoughtfully organized interior for all essential accessories. Its clean, professional look is combined with practical functionality that works well for daily use.

#### Well-organized storage space

The bag features two spacious compartments with additional pockets and dividers. This makes it easy to carry a laptop, tablet, charger, mouse, documents, and even several smaller accessories. An extra rear pocket allows quick access to a notebook or folder without opening the main compartment.

## Laptop protection and carrying comfort

A dedicated padded laptop compartment protects your device from shocks and scratches. The bag can be carried by hand using the reinforced handles or worn over the shoulder with the adjustable, soft strap. Additionally, a rear strap allows the bag to be attached to a suitcase handle, which is especially convenient when traveling.

## Materials built for everyday challenges

The outer layer of the bag is made from tear-resistant and splash-resistant material, helping to protect the contents in less favorable conditions. The entire bag is secured with durable, high-quality YKK zippers that operate smoothly even with frequent use. Moreover, the bag is made from recycled materials, using fabric produced entirely from recycled PET bottles.

**Manufacturer** Tomtoc

**Model** A33F3D1
