The bag offers great organization thanks to numerous compartments and pockets. Inside, you can fit your phone, power bank, chargers, headphones, cards, cash, and even your passport—everything has its place. The built-in organizer includes RFID pockets to protect your data, and a separate key pocket with a lanyard helps you avoid clutter. The front and rear pockets allow quick access to your essentials.

Safety and comfort

The bag is equipped with lockable zippers (compatible with 3 mm cable locks), which increases the level of protection in crowded places. The strap, which is 89 to 170 cm long, allows you to carry it comfortably on your shoulder or across your body, regardless of your height. The whole thing weighs only 220 g, so it won't weigh you down during an active day.
