## Pagrindinės savybės

- ✓ PC/Server 2 GB DDR3
- ✓ CAS latency: 9
- ✓ 240-pin DIMM

## Aprašymas

- Maximize your business PC performance with HP Memory. Upgrading your memory is a cost-effective way to boost your system performance without having to upgrade your processor.
- Expect fast start-up times with reduced delays during routine operations and system maintenance functions. Meet everyday workloads head on, and run more programs simultaneously. Easily toggle back and forth between several open applications with noticeable speed.
- More programs running simultaneously.

## Techninė specifikacija

### Specifications

Sandėlio grupė Komponenten & Zubehör > Speichermodule/RAM [+2630][1134]

### Features

|                      |              |
|----------------------|--------------|
| Internal memory      | 2 GB         |
| Internal memory type | DDR3         |
| Component for        | PC/Server    |
| Memory form factor   | 240-pin DIMM |
| ECC                  | No           |

|                             |                           |
|-----------------------------|---------------------------|
| CAS latency                 | 9                         |
| Memory clock speed          | 1333 MHz                  |
| Buffered memory type        | Unregistered (unbuffered) |
| Module configuration        | 128M x 8                  |
| Logistics data              |                           |
| Harmonized System (HS) code | 84733020                  |
