construction, this desk ensures maximum comfort and longevity. Its phenomenal design, complete with stunning integrated RGB backlighting, guarantees a truly unique and aesthetically pleasing setup for competitive gamers.

Stunning Design and Personalized Illumination

Every element of the Holm 320 is finished in striking white, complemented by a carbon-look tabletop surface. This combination provides a sleek, premium aesthetic that fits into any modern interior. The impressive integrated RGB lighting system allows you to create the perfect atmosphere, with an included remote control giving you command over numerous dynamic modes and color effects to suit any game or mood.

Integrated Technology and Connectivity

Efficiency is key, and the Holm 320 RGB delivers with cutting-edge integrated features designed to keep you powered up and connected:

- **Wireless Inductive Charger:** The tabletop features a built-in wireless charger, allowing you to power up your mobile device simply by placing it on the desk—keeping it charged and always in sight.
- **USB 3.0 Hub:** Connectivity is expanded via a dedicated HUB equipped with three high-speed USB 3.0 ports, perfect for connecting peripherals and external drives right where you need them.

Perfect Organization and Ergonomics

Achieving a clutter-free and ergonomic environment is easy thanks to the comprehensive organization features. The desk includes multiple removable shelves and mounts for essential accessories, ensuring everything has its place:

- Convenient monitor shelf (saving surface space and improving ergonomic viewing angle).
- Side-mounted headset holder, keeping your headphones safe and accessible.
- Cup holder to prevent spills during intense moments.
- Dedicated holder for your gaming pad or controllers.
- Integrated cable cubbies and organizers to manage power and peripheral cables effectively.

Robust and Stable Construction

The large surface area (W 120 x D 60 x H 75 cm) provides ample space for multiple monitors and peripherals without restricting movement. The rugged metal frame and durable MDF tabletop ensure outstanding stability and can support loads up to 60 kg, keeping the desk firm even during the most high-octane gameplay sessions.

Genesis is a respected manufacturer specializing in high-quality gaming peripherals and accessories designed to meet the demands of competitive gamers, focusing on ergonomics, durability, and modern aesthetics.

Order this exceptional gaming desk today from ++SHOP++ and elevate your gaming station with superior design and functionality.

Holm 320 RGB is a modern white gaming desk, which will perfectly organize the space for the player and delight with the phenomenal design. The large usable surface combined with the stable construction will provide comfort and durability, and the impressive RGB backlight will give the stand a truly unique character.

STUNNING DESIGN

Each element of the desk is made in white. The carbon finish of the tabletop combined with the phenomenal RGB backlight will allow you to create a unique gaming stand. The included remote control allows you to control numerous modes and effects to suit your preferences.

PRACTICAL SOLUTIONS

The desk is equipped with a HUB with three USB 3.0 ports and cable cubbies to connect additional equipment and organise cables. Built-in wireless inductive charger in the tabletop will allow you to charge your mobile device at any time and have it always in sight. Bet on practical solutions and don't let yourself be limited!

PERFECT SPACE ORGANISATION

The Holm 320 RGB features a range of removable shelves and mounts for the most useful accessories. There are headset and cup holders on the side of the desk, and the tabletop features a holder for your gaming pad. In addition, a convenient monitor shelf will not only save space on the
